Section I. Introduction & Purpose

About ECGRA

An impact investor, ECGRA's mission is to elevate Erie County by galvanizing nonprofits and small business toward economic and community development. Since February 2008, ECGRA has invested more than \$65 million in Erie County.

The Erie County Gaming Revenue Authority was incorporated in February 2008 in the Commonwealth of Pennsylvania for the purpose of creating and administering a grantmaking process for gaming funds that come from the Pennsylvania Department of Revenue. Our mission is to elevate Erie County by galvanizing nonprofits and small business toward economic and community development.

Purpose of the Funding

The Community Assets Grant Program supports capital improvements and programming which provides social, educational, cultural, health, recreation, and/or economic benefits to residents of Erie County.

Erie County is fortunate to possess many natural landscapes and features as well as a green infrastructure that enables residents and visitors to enjoy abundant four-season outdoor recreation opportunities. Underlying these assets, the county also benefits from a strong social fabric that nurtures, comforts, and guides residents of all ages.

Several recent county-wide planning efforts, such as the Erie County Greenways Plan (2009), Erie County Cultural Heritage Plan (2017), and Emerge 2040 (2015), call for the protection of these assets and an investment in the development of new ones. ECGRA recognizes the need to invest in the organizations that make Erie County unique and in creating a sense of satisfaction that strengthens the economy and social network of the community.

Parks, Fields & Trails

Purpose: To provide funding for capital projects to create, protect, or improve publicly accessible parks, athletic fields, and trails throughout Erie County. Funding can also be used to increase or improve access to recreational facilities.

Erie County health assessments continue to show a decline in physical activity and an increase in preventable illnesses such as heart disease and diabetes. Investment in parks, fields, and trails can encourage healthy lifestyles, move towards equitable distribution of park opportunities, and even attract athletic competitions which enhance local tourism. Additionally, an investment in parks can help rejuvenate neighborhoods and Main Streets throughout Erie County.

- Athletic fields owned by school districts or universities are not eligible for funding.
- Purchase of maintenance equipment and vehicles is not eligible for funding.
- Projects exceeding \$25,000 are subject to Pennsylvania's Prevailing Wage Law.
- Construction of trails for motorized uses is not eligible. Sponsors of trail projects must have a restriction on e-bikes over Class 1.
- Project sponsors should discuss construction requirements such as the Americans with Disabilities Act (ADA) with their local authorities. More information about the ADA can be found here: (www.access-board.gov/guidelines-and-standards/recreation-facilities)

A maximum of \$25,000 per application; overall \$150,000 per grant cycle.

Appendix

Summary of Applicable Provisions of the

PREVAILING WAGE ACT

43 P.S. §§ 165-1 et seq

34 Pa. Code §§ 9.101 et seq

The Prevailing Wage Act (the “Act”), 43 P.S. §§ 165-1 et seq., and the various laws and regulations governing the Act apply to Public Works projects funded by the Erie County Gaming Revenue Authority (“ECGRA”). A Public Work is defined as including construction, reconstruction, demolition, alteration and/or repair work other than maintenance work, done under contract and paid for in whole or in part out of the funds of a public body where the estimated costs of the entire project exceed \$25,000.

ECGRA fund recipients shall require their contractor, if any, and contractors shall agree to require their subcontractors, to comply with the Act and the associated laws and regulations issued pursuant thereto.

Wage rates paid workmen employed in the Work shall not be less than the rates determined in the applicable wage rate determination by the Secretary of Labor and Industry for the Commonwealth of Pennsylvania and no workmen may be employed in the Work except in accordance with the classifications in Secretary’s determination.

The recipient of ECGRA funds shall be required to obtain the aforementioned public wage minimum rate determination prior to drafting project specifications or engaging in a contract with a contractor on a Public Work project.

Workmen employed or working in the Work shall be paid unconditionally, regardless of whether a contractual relationship exists or the nature of the contractual relationship. Payments shall be at least once a week and be the full amounts due at the time of payment, computed at the rates applicable to the time worked in the appropriate classification, without deduction or rebate, on any account, either directly or indirectly, except authorized deductions.

The contractor and each subcontractor shall post, for the entire period of construction, the wage determination decisions of the Secretary, including the effective date of changes thereof, in a prominent and easily accessible place or places at the site of the Work and at the places used by them to pay workmen their wages. The posted notice of wage rates shall comply with the requirements of the Pennsylvania Code, Title 34.

The contractor and subcontractor shall keep an accurate record showing the name, craft or classification, number of hours worked per day and the actual hourly rate of wage paid, including employee benefits, to each workman employed by him in connection with the Public Work. The record shall include deductions from each workman. The record shall be preserved for two (2) years from the date of payment and shall be open at reasonable hours to the inspection of ECGRA and to the Secretary of the Department of Labor and Industry or his authorized representatives.

Apprentices shall be limited to the numbers in accordance with a bona fide apprenticeship program registered with and approved by The Pennsylvania Apprenticeship and Training Council and only apprentices whose training and employment are in full compliance with the Apprenticeship and Training Act (43 P.S. §§ 90.1 – 90.10), as approved July 14, 1961, and the regulations issued thereto, shall be employed on the Public Work project. A workman using the tools of a craft who does not qualify as an apprentice shall be paid the rate predetermined for journeymen in that particular craft or classification.

Payment of compensation to workmen for work performed on a Public Work in a lump sum basis, or a piece work system, or a price certain for the completion of a certain amount of work, or the production of a certain result shall be deemed a violation of the Act and associated regulations, regardless of the resulting average hourly wage.

Each contractor and subcontractor shall file a statement each week and a final statement at the conclusion of the work with the recipient of ECGRA funds, under oath and in a form satisfactory to the Secretary of the Department of Labor and Industry, certifying that workmen have been paid wages pursuant to the contract and the Act, or if wages remain unpaid, to set forth the amount of wages due and owing to each workman respectively.

The provisions of the Act, and its associated regulations shall be incorporated by reference in each contract.
